The t-tag is an electronic device used to pay toll. If you wish to make use of a t-tag, you should conclude an agreement with N.V. Westerscheldetunnel. You pay a deposit of € 10 for each t-tag, which you will get back if the t-tag is undamaged when you hand it in.

You authorise N.V. Westerscheldetunnel to debit an initial amount of € 60 for each t-tag from your bank or giro account. For heavy goods vehicles, this initial amount is € 200 for each t-tag. The toll charges (minus discount) are automatically debited from this initial amount each time you pass a toll gate with your t-tag. As soon as your credit drops below the transfer threshold, N.V. Westerscheldetunnel tops up your balance for paying toll by directly debiting your bank or giro account.

The initial amount and transfer threshold differ for each category.
